## PROCEDURES, RULE, REGULATIONS, TERMS & CONDITIONS

### USE OF FACILITIES

1. Use of school facilities requires an on-line request and approval by the District.
2. Applicants must obtain a username and password from the Facilities Coordinator by using the Rochester School District website at [www.rochester.wednet.edu](http://www.rochester.wednet.edu). Each organization or club must designate one point-of-contact to facilitate use with the Facilities Coordinator.
3. The applicant's request will be routed electronically to each school building for approval.
4. Youth athletic associations are required to make one (1) request for their entire organization's requirements for field/gym use. The organization is responsible for scheduling fields/gym for individual teams in their organization.
5. Youth organizations engaged in sports activities must submit a signed statement of compliance with the policies for the management of concussion and head injury in youth sports as required by RCW 28A.600. Statement of compliance must be submitted to the Facilities Coordinator.

7. Complete the on-line Use of School Facility request form. Provide all requested information to avoid unnecessary delays in processing your request.
8. The electronic request should be received at least seven (7) days prior to the facility use. The burden of providing proper lead time and following procedures rests with the applicant. Last-minute or incomplete applications may be rejected.
9. If approved by the principal or designee, the application is forwarded to the Facilities Coordinator. The Facilities Coordinator will make the final decision and assign fees and additional requirements as appropriate.
10. Approved application/request will be filed at the District office and returned to the applicant with an invoice if appropriate. A copy of the email approval notification becomes the applicant's permit for use. If the request is not consistent with Board policy, or the space is not available, the contact will be notified and the application will be denied.
11. Rates are based on weekday and evening usage (when appropriate district staff are in the buildings). Additional costs for personnel will be charged when facilities are requested on weekends, holidays, breaks, and summer schedules or when additional support is required.
12. Fees quoted are estimated based upon information from the application. Payment is due within thirty (30) days from the date of invoice, late fees may apply. Any invoice that is 90 days overdue is subject to collection action. Applicant will be responsible for all collection, attorney, insurance or any other fees associated with the collection or payment in regard to use. Failure to pay fees may result in denial of further privilege of use of school facilities.
13. RSD reserves the right to refuse any application/request or cancel a previously authorized use permit and refund the unearned portion of any payment made when it deems such action is in the best interest of the District or when it believes a commercial facility would be more appropriate.
14. Requests for use received during open enrollment are held until the close of the open enrollment window, at which time all requests are reviewed at once to ensure fair distribution of facilities.

Groups may request additional facility use no sooner than two weeks prior to the date requested. All acceptable applications/requests received during open enrollment will be approved based on categorical classification, RSD student count and use of specified area. However, the Facilities Coordinator may approve applications for up to one (1) school year.

The roster must also include contact information for the head coach. Updated rosters must be finalized two weeks after the start of a scheduled facility request.

**Permits (if necessary):** Applicants are responsible for obtaining any required permits and for satisfying all county, state and federal codes and regulations associated with the proposed activities.

**Appeals:** The Facilities Coordinator possesses the authority to make the final decision on the use of school facilities and the appropriate charges. However, the applicant may appeal such decision to the Superintendent.
